

BECOME A MEMBER OF THE LAKE PEPIN ART & DESIGN CENTER

The Lake Pepin Art & Design Center supports the work of creative professionals and believes in the power of art & design to build community. We offer programs to people of all ages and experience levels through the generous financial support of our donors. Art & Design Center Members receive regular program updates and invitations to special events, and enjoy discounts on workshops and tickets. With your contribution, we can continue to offer art & design programs in the Lake Pepin region.

During 2007, Member support of the Lake Pepin Art & Design Center more than doubled, growing from 23 households to more than 60. With your help, we hope to increase the number of Member households to more than 100 during 2008, building a broad-based foundation of community support to grow our programs and extend their reach.

Think you might like to volunteer?
